Quick Guide 2023  
Acoustical Walls & Ceilings

Release 8.0 - January 2023

[anutone.com](http://anutone.com)

## Unique combination of acoustical passion, strong design and manufacturing excellence

Anutone's vast portfolio of acoustical products, systems, solutions and services are comprehensively featured on our website [anutone.com](http://anutone.com) under Media/Brochures. We cater to almost every core content, every surface finish. This Quick Guide 2023, QG for short, supplements with a brief overview for introductory purposes.

Anutone has a total solutions approach - the unique ability to assess your needs and meet your acoustical requirements for drywalls, ceilings and panelling right from design specifications to project drawings to product supply and installation guidance to ensure user satisfaction.

## What Next for acoustical walls & ceilings - More than acoustics!

Anutone's innovative, factory-finished, modular, lightweight, fast | easy to install, sustainable wall and ceiling systems enhance the acoustics of the built environment for work, play and living. Whether it is a mega project or your home, Anutone has a custom but total acoustical solution that fulfills your needs to delightful satisfaction.

For large buildings, from efficiently dividing floor plates with high-yield drywall partitions to high-performance ceilings & panelling, all with acoustics built-in, Anutone provides commercial, institutional & residential interior surface finishing solutions that are tried, tested, trusted since incorporation in 2001!

For 2023, our play is 'More than acoustics'. Imaginative innovation for custom visuals, not just acoustics. Fire protection and thermal insulation, not just acoustics. Lifecycle economics and service support, not just acoustics!

### Acoustics

From acoustical needs assessment to concept design to product supply to project guidance to validation of site, Anutone straddles the value-chain. In acoustics we have a successful track record of projects that perform right, the first time, every time.

### Drywalls

First the floor plate needs efficient partitions to yield maximum usable area. Anutone provides solutions with Tufbloc drywall systems that sport a Studd metal frame, Synth polyfibre infill & magnesia boards that boast high ratings.

### Ceilings

Once useful spaces are created with drywalls, Anutone acoustical systems finish the surfaces from top to bottom. First is ceilings to cover overhead utilities and provide high performance with many surface finishes.

### Panelling

Acoustical drywalls and ceilings being done, finally the wall surfaces are finished, from top to bottom, side to side with functional panelling that matches the decor with many surface and fit options, an Anutone USP.

# About

## Anutone Heritage - Strand and Acoustics

Since incorporation in 2001, and even before, Anutone has been the thought leader. Starting with wood wool board industry in India (since 1960s) to architectural acoustics (since 1990s), Anutone has revolutionised and professionalised these two verticals.

## Anutone Innovation - What's New 2024

Anutone's strong emphasis on R+D means pioneering new concepts and products in acoustical walls and ceilings, many for the first time in India. Check the next nine pages of this Guide to know why we say this!

## Anutone Resources - Network and Guides

An all-India network of own marketing representatives, dealers and authorised applicators ensures hassle-free pre to post-sales service. Anutone publishes various Guides that serve as references to the industry. Latest are Quick Guide 2023, NRC Guide 2023 and Design Guide 2023. Also, videos on anutone.com under Media/Videos are useful tools!

## Anutone Green - GreenPro certification

Most products are made partly from recycled materials and are recyclable. Anutone's manufacturing is energy saving. Most products are GreenPro certified, latest being Tufbloc HDFR at our brand new, own facility.

## Anutone Anti-Virus - Healthy and Safe

Since 2020, in response to corona virus, Anutone has developed the Anutone Anti-Virus Shield and greatly expanded it's hygiene products.

## Anutone eShop - Online retail

Select products are available at anutone.com under the eShop tab for online sales and door delivery.

## Anutone Education - Soundz workshops

Anutone organises online Soundz Acoustics Conference for the building community. These are anchored by Technical Director, Sandeep Mittal, who is associated with the industry for 38 years, since 1985!

## Anutone Standards - NRC Guide

Anutone zealously conforms to certification standards and building codes, from raw materials to finished goods. Our brand new NRC Guide 2023 is testimony to this fact with NABL-accredited NPL-certified acoustic tests.

## Anutone Quality - ISO certified

Anutone lives ISO certifications in its day to day operations, since 2003, for 20 years now. Anutone was one of the first in the walls & ceilings industry to submit to certification and consistently adheres to it diligently.

## Anutone is Bharat - Made in India

Vocal for Local since 1966! Select base boards are imported but all finished products are finally Made in India for an Atmanirbhar Bharat.

Anutone introduced wood wool boards for the first time in India in 1966 at Kolkata and kept ahead with innovations like Strand Duo, Strand Sculpt, Strand Mozaic at Bengaluru.

Tufbloc HDFR latest to obtain GreenPro certification

H+ Hygiene Series for the Anutone Anti-Virus Shield

Anutone's manufacturing prowess since 1966 at Kolkata, currently at Bengaluru

## What's New 2024

*More than acoustics, bespoke grids*

Break free from boring white squares that has defined grid ceilings for ages. Grid ceilings get very exciting with Anutone's systemTRAX whose versatility and flexibility afford bespoke patterns and colours. Design ideas for a cafe and a library!

Above: Colourful squares and rectangles while retaining tech lanes in a cafe. Skelet Melange in Bright Red with ceiling tiles in various sizes and acoustical surfaces. Synth Slim in squares & planks. Salon Spots MP in light & dark grains as squares.

Below: Salon Spots MP in systemTRAX with various woodgrains and widths from 150 to 600mm. Note asymmetrical placement of linear lighting of 150x1200mm in cold white tone for a library that is designer but quiet! RT60 of 1.5s assured!

# What's New 2024

## More than acoustics, wall artscapes

Enhance your design with no borders via shapes and surface sculpts.

Strand Kontour Sculpt in a riveting combination with Strand Sculpt Melange for the acoustical wall art of a high-tech start-up on battery software for EVs

Strand Sculpt 20mm on C50 mounting with SynthPF 10x50 gives highest NRC 0.95 rounded off to 1.00!

Juggle with shapes like a puzzle to create wow!

Soak Plane Mozaic for a colourful yet acoustical retrofit to a heritage hospitality space like a century-old legendary restaurant in an old haveli of the original town centre

Soak Plane 20mm on C50 mounting with SynthPF 10x50 gives high NRC 0.84

A super luxury apartment complex wanted art acoustics for their ultra luxe lobby

The 'Tree of Life' as a wall mural comes alive with 'Slim Kontour on Slim'. Provides quiet focus to the happening space.

Slim on Strand with C10 mounting and SynthPF 10x10 gives high NRC 0.78

# What's New 2024

## More than acoustics, custom finishes

Anutone's wide portfolio of products and vast array of systems makes it easy for Bild custom to be standard

Ceiling is diffusive Sonator Lance secondary below absorptive Strand Ebony primary. Panelling is finisher Slim Mozaic on enhancer Strand backer for this budget-boutique restaurant

Out-of-the-box imagination and innovation for this auditorium of Mission Shakti, Bhubaneswar [Odisha].

Ceiling is Stretch Hush in a two colour combination. Panelling is also a combination but with Slats Surco and Stretch Dekor Grafix. The latter features the Mission Shakti theme (inset).

This 500-seat auditorium has achieved the design criteria of RT60 at <1.5s

Triangles acoustical theme for this AV conference hall of the bar council for senior advocates in the highest court of the land

Ceiling is a combination of Sonator Linear and Subtex Clouds Kontour Triangles. Panelling is Soak Plane Triangles in 3-combo Black-White | Black-Yellow | White-Yellow.

Variable sound absorption due to variety of acoustical panel systems used, ensures RT60 of 1.00s across the frequency range of interest!

## What's New 2024

*More than acoustics, bricks and planks*

Perform magic and miracles to acoustical surfaces with Strand Slats Grafix. Provide a retro wall to modern designs that is both riveting and refreshing. Fulfills needs of past, present, future - past visuals, present aspirations, future spaces. Above: Strand Slats Grafix in red bricks pattern - a faux brick lining for this focus wall of a hip lounge bar. Evolve acoustical panelling to next-gen's aspirations of being futuristic yet heritage. Below: Strand Slats Grafix in timber planks pattern - as rustic wooden planks for this focus wall of an upscale cafeteria. Evolve acoustical panelling to contemporary aspirations of being futuristic yet antique. NRC 0.61 for Strand 20mm on C10 mounting with SynthPF 10x10 ensures RT60 of 1.25s!

# What's New 2024

*More than acoustics, innovative Slats*

Go lines, linear, lineal - go directional! Above: Go linear with Slats Surco in different woodgrain finishes but same groove variant of L32-2. Above: Featured here are 4 woodgrain finishes from a choice of 8. Go play with woodgrains and design acoustical ceilings differently. You can even play with groove widths and panel widths. NRC 0.82 is assured with E600 mounting for L16-2 which can ensure RT60 of 1.5s! Below: Anutone's latest What's New in Slats Surco creates stunning design for spectacular interiors. Slats Surco Melange (colours) and Slats Surco Grafix (prints) for this lobby wall of a 5-star resort at a holiday destination. Slats Surco L32-2 on C40 mounting with SynthPF 10x25 assures NRC 0.75 and low RT60 for echo-free interiors and clear conversations. Go play with Slats Surco variants and design acoustical walls differently.

## What's New 2024

*More than acoustics, perforation play*

Play with perforations from mega to nano and the designer in between, as Anutone offers you the widest choice of shapes and sizes in different materials like wood, gypsum, metal, polyfibre etc. Above: Salon Cuadrado on Skelet Ebony as primary ceiling provides the perfect ambience to this intimate lobby and echoes the wooden elements on walls, doors and furniture including reception counter. Icing on cake is Subtex Clouds Nubby Kontour in clusters of 4 as secondary ceiling that provide a white counterfoil to the wooden ceiling apart from blending in with the white downlighting. Below: Custom perforations of dice template in the grid ceiling for this casino-themed lounge bar perfectly sets the stage for enjoyable evenings! NRC upto 0.80

## What's New 2024

*More than acoustics, carnival floats*

Open ceilings continue to trend and ace the 'above space'. However, clouds and baffles can be passe so how about rafts or floats as acoustical islands for spectacular results that look good and sound better. Anutone presents Carnival Floats that make a huge difference both visually and aurally! Above: Strand Mozaic as Carnival Floats for this double-height brick-lined and raw concrete finished fashion store. Strand 20mm for E600 mounting gives NRC 0.70. Below: Snazz Pixel 0820 as Carnival Floats secondary to a primary grid ceiling jazzes up this refurbished office space. NRC 0.57 for E600 mounting.

## What's New 2024

*More than acoustics, designer baffles*

Open up to exposed structures with waves of acoustical baffles. Look up and be amazed! Above: A well-funded, high-end library needs upmarket interiors to attract its exclusive clientele. Large-format Slim Duo baffles add to the charm and warmth of the wooden flooring and furniture. That they help maintain the silence is added bonus! Below: G20 meetings are where political leaders from across the world congregate and decide on policies that have long-term ramifications for the global population. G20 lobbies and meeting halls need to provide the vibes that befit such momentous occasions. Salon Sonator plain wooden ceiling provides the perfect foil for Slim Duo Kontour installed as fins of a giant turbine to create the desired ambience and impact! Strand Duo on J mounting provides NRC 0.76 to result in RT60 of 1.75s!

## What's New 2024

*More than acoustics, integrated walls*

Why design partition walls and panelling separately when you can provide drywalls with acoustics as a total design solution? Anutone provides single-brand, engineered systems as integrated, turnkey solutions for commercial interiors - Tufbloc drywall systems and a wide portfolio of acoustical surfaces. No other Indian brand can provide such in-house manufactured solutions.

Above: For a personal office, Tufbloc noise-isolating drywall systems and Strand Slim as a sound-absorbing surface finish in two-tone chessboard pattern. Below: For a boutique hotel, Tufbloc noise-isolating drywall systems and Pixello Smery as a sound-absorbing surface finish, painted insitu to choice colour. Provide STC50 and NRC 0.8 walls as one system!

# Projects 2022

Bringing the outdoors to the indoors at Indian Institute of Technology [IIT] Chennai  
Vistas of the campus with printed acoustics via Stretch Dekor Grafex with Strand and SynthPF backer

# Projects 2022

Mini-auditorium at National Chemical Laboratory [NCL] CSIR-URDIP, Pune [Maharashtra]  
Acoustical panelling with Slats Surco and Subtex KSL in a two-colour combination

Multipurpose hall for Lourdes Public School & Junior College by Lourdes Educational Trust at Kottayam [Kerala].

Acoustical grid ceiling with a neat combination of Subtex Nubby and Serge CubixT on Skelet T15

Educational auditorium at Reva Institute of Technology & Management [RITM] Bengaluru  
Acoustical panelling with a combination of Strand Slim and Slats Surco backed by SynthPF  
Dissimilar materials create impedance mismatch that results in broadband sound absorption

# Projects 2022

Aquatic Gallery at Science City Ahmedabad of Gujarat Council of Science City, Department of Science & Technology, Government of Gujarat.

Exposed roof with open ceiling of Strand Wave acoustical baffles as troubleshooting post-inauguration. Visitors now enjoy live exhibits in a quiet ambience instead of cacophony.

Canara Bank [Training Room], Coimbatore [Tamil Nadu].

Tufbloc drywalls with Slats Surco and Stretch panelling in bank's corporate colours. Grid ceiling is Subtex Nubby. Good acoustics ensures better quality of training to bank officers.

Vidya Vihar Residential School belongs to Vidya Vihar Group of Institutions in Purnea [Bihar].

Panelling is Slats Surco and Stretch Hush. Bulkheads, transitions and blank bands are Tufbloc HDFR. Ceiling is Subtex Nubby grid tiles for hall and Strand Ebony for stage.

Projects 2022

Auditorium at Indian Institute of Technology [IIT] Jodhpur [Rajasthan]  
Ceiling is Strand Melange on Skelet T-grid installed diagonally to the hall.

Panelling is Subtex Hush and Slats Surco with SynthPF backer. Higher NRC of the combined acoustical systems ensures RT60 of 1.5s across the sound frequencies of interest!

Mini-auditorium for multipurpose applications at office of Goa State Agricultural Marketing Board [Krushi Bhavan], Directorate of Agriculture, Government of Goa, Ponda.

Strand Slim, Slats Surco, SynthPF

Minimalism at the Corporate Office of Ramco Industries Limited [RIL] at Rajapalayam [Tamil Nadu].

Subtex Nubby Wave slim acoustical baffles

# Projects 2022

Office of The Hans Foundation, Gurugram [Haryana].

Subtex Clouds Nubby Hexagon in cluster patterns for an open ceiling. Dual sound absorption by the two surfaces of Clouds makes for more acoustics with less panels.

Indian Institute of Technology [Lecture Hall] Chennai [Tamil Nadu].

Acoustical panelling is unique combination of Stretch NRC installed as Appliques with Strand & SynthPF backer and Slats Surco with SynthPF backer. Clarity of speech with RT60 of 1.0s and high intelligibility score makes it easy for the teacher and the students.

Projects 2022

Chandigarh University [CU] Mohali [Punjab]  
Strand, Slats Surco, SynthPF

Office of Dassault, Bengaluru [Karnataka]  
Strand Fila as direct attach acoustical ceiling  
Exposing the ceiling services and utilities

The famous Dover Lane Music Conference is held at Nazrul Mancha, Kolkata [West Bengal] because of its perfect auditorium acoustics & ambience. Hall ceiling is Subtex Nubby & panelling is Stretch NRC. Stage ceiling is Subtex Ebony & panelling is Mat Ebony

# Projects 2022

Educational auditorium of Parul University, Vadodara [Gujarat] for drama, music & speech.

Acoustical panelling is Slats Surco and Strand backer for insitu fabrics. Ceiling is Mat Ebony on Skelet Ebony grid suspension system.

Indian Space Research Organisation [ISRO] Vikram Sarabhai Space Centre [VSSC] Golden Jubilee Auditorium, Thumba, Thiruvananthapuram [Kerala].

Ceiling is Subtex Nubby on Skelet T-grid. Panelling is Strand Slim and Sonator Ranurado with SynthPF.

Multipurpose auditorium of Government Law College [GLC] Theni [Tamil Nadu].

Acoustical panelling is Slats Surco in two colours with Strand and SynthPF backer.

Projects 2022

The 1100-seater auditorium at The Anna Centenary Library [ACL] Government of Tamil Nadu, Chennai. Named after former CM Dr. CN Annadurai, popularly known as Anna, and opened by then CM Dr. M Karunanidhi.

Ceiling is Subtex Nubby on Skelet T-grid.  
Panelling is Slats Surco and Stretch Dekor Grafix.

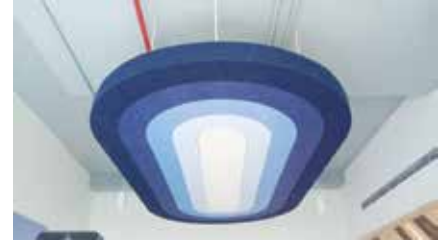

Public auditorium at Tirunelveli Municipal Corporation [TMC] Tirunelveli [Tamil Nadu].

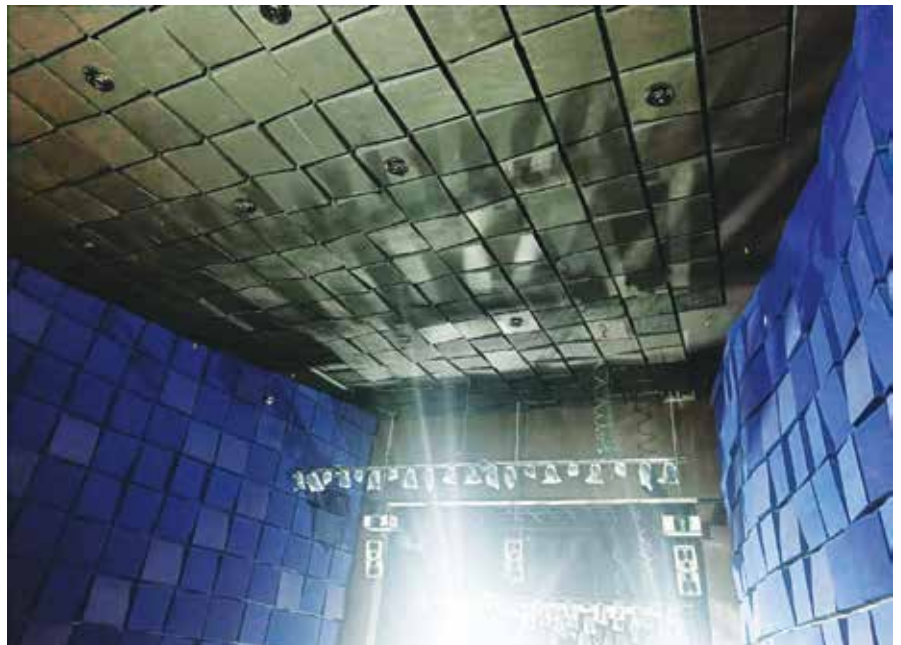

Ceiling is Serge Aquila on Skelet T-grid. Serge Aquila is maintenance-free and durable with long life and recycling value. Panelling is Slats Surco.

# Projects 2022

Offices of PhonePe at Bengaluru [Karnataka]  
Anutone's Synth Slim insitu innovation as imagined

302-seat Little Theatre (top left), 574-seat Black Box Theatre (right) and 1739-seat Multipurpose Theatre (bottom left) at Shillong International Centre for Performing Arts & Culture [SICPAC] popularly known as State Convention Centre [SSC] under the Department of Art and Culture [DAC] Government of Meghalaya at Mawkasiang, Shillong [Meghalaya] Stakeholders include Meghalaya Government Construction Corporation Limited [MGCCCL], Hindustan Steelworks Construction Limited [HSCL], NCC Limited, Skematics Consultants [Architects], Sonics [Consultants], Ace Acoustics & Adcon [Installers].

Acoustical ceiling and panelling with Subtex Ebony, Subtex KSL Cream Beige, Subtex Nubby, Subtex Cloud Hush Perlino, Subtex NRC Walten, Stretch Hush Mocha, Snazz Ellipse, Strand Ebony, Soak Plane Classic Maroon and Pigeon Grey.

# Projects 2022

Freshworks Technology Private Limited, Chennai  
A leading provider of modern SaaS solutions.

Open acoustical ceiling - Strand Duo Melange  
in different colours and dimensions that  
reflects the corporate theme and mission

Conference Hall and Auditorium at Administrative Building,  
Office of District Collector, Wardha [Maharashtra]  
Acoustical panelling with Subtlex Hush

Y Screens, Jangareddigudem [Andhra Pradesh]  
Ceiling with Subtlex Ebony on Skelet Ebony T-grid  
Panelling with Tufbloc HDFR, SynthPF and Strand backer.

# Projects 2022

Thales DIS Technology India Private Limited, Noida [Uttar Pradesh]  
Subtex Clouds Grafix Circle with insitu installation of circular downlights

G20-India Trade Promotion Organisation [ITPO]  
New Delhi. Panelling with Spun Nuanz Grafix

Multipurpose auditorium of Bishalgarh  
Municipal Council [BMC] Bishalgarh,  
Sepahijala District [Tripura].

Stage ceiling is Subtex Ebony in Skelet  
Ebony. Stage panelling is Strand  
Ebony. Hall ceiling is Subtex Nubby in  
Skelet T-grid. Hall panelling is Soak  
Cord in a two-colour combination of  
Blue & Grey for upper reaches with  
Slats Surco for faux columns & lower  
reaches. Multiple high NRC values,  
ensures broadband sound absorption  
and hence very low RT60 values!

Multipurpose hall of Kalaignar Memorial  
Library by DMK Trust, Thiruvavur.

Acoustics with Subtex Nubby in Skelet  
T-grid, SynthPF, Strand, Tufbloc

# Projects 2022

Corporate auditorium of State Bank of India [SBI] Hyderabad, Telangana.

Acoustical ceiling is Snazz Pixel and Slats Surco. Acoustical panelling is Slats Surco and Stretch Hush with Synth Slim. Note the Slats Surco continuation from walls to ceiling.

Language Interpretation Booths at Sansad Bhavan [Parliament House] Government of India, New Delhi.

Best-in-class noise isolation for pin-drop silence with Tufbloc HDFR and Mat BSB. Sound absorption for echo-free interiors with Soak Cord panelling and Strand Nubby ceiling. All backed with SynthPF infill. RC30 and RT60 0.25s assured.

Yashoda Hospital, Hyderabad  
Acoustical panelling with Slats Surco
